

PAC-YT52CRA

Simplified Remote Controller

The PAC-YT52CRA remote controller has been specifically designed with hotel applications in mind.

Very simple to use, the controllers super-slim design makes installation flexible and easy. The backlight function answers a need that many hoteliers have been calling for. The controller includes the following:

Key Features

- Setpoint limitation from a centralised controller
- Flush fitting to the wall

Air Conditioning | Heating
Ventilation | Controls

Controls

Product Information

PAC-YT52CRA Simplified Remote Controller
